To Whom It May Concern:

I am writing on behalf of one of your outstanding officers. On 10-23-11, while traveling during the early morning hours from a Georgia trip, I came in contact with one of the nicest officers in my 31 years of driving. I was clearly at fault and was set for whatever he/she provided upon the knock to the window. It did not help that I had a car full of men who insisted that I was not only going to get a ticket, but that he was going to have us to pull all of the items out of the car as well. Officer Davis smiled as he first listened to my story and then stated what he needed to see. I requested a warning and he stated that he needed to see my driving record. Officer Davis came back in record time and informed me to slow down and enjoy the rest of the trip. He did not want much of thanks and was reluctant in providing his address for the thanks. This officer also confirmed that the power of prayer works as I began praying and this officer returned with a smile and provided a warning. I thank your agency for how you trained this individual but most importantly, I thank him for instilling within himself compassion. Please accept this as a sincere thanks to this officer and the job he done in handling our contact. In this time of corruption and folks just not treating one another the way they should; this entire car received notice that there are some nice officers in Ohio. If I can ever be of assistance to this officer, please do not hesitate to ask I will travel wherever to take part in an award ceremony or any type of gathering to honor this individual. The question you guys may have-if he gave me a ticket, would I still have sent this letter? Whereas I cannot answer that, I can answer that he truly deserves recognition for the manner in which he handled this situation ticket or not.

To Whom It May Concern:

We wanted to let the department know how Tpr. Mike Weber went out of his way to help us as we were stranded on the Ohio Turnpike on Monday, November 21, 2011. My husband and I got a flat tire eastbound, 2 miles west of the service plaza. The flat happened so fast. Something cut the side of our tire. We made it to the side of the road, it was a small shoulder and it was dark and cold. The cars and trucks were close, going fast and shaking the car. My husband has spinal problems and can't lift or bend, so we called Lincoln Roadside Assistance. They gave us an hour wait. Before we knew it, Tpr. Weber was behind us with his lights on. He was concerned about where we were stopped. He said it was not safe, so he proceeded to change the tire! We were amazed! We never expected that. We wanted to let Tpr. Weber's supervisors know that his help was beyond the call of duty. We also wanted to thank him in print. He was so kind and re-assuring to us.

We are thankful you have such a wonderful trooper protecting your highway. Tpr. Weber is a wonderful asset to your department. He is our hero!!

Thank you, Tpr. Weber
